WHERE THERE’S A WINCH, THERE’S A WAY!
BRING POWER WHERE YOU NEED IT!™

Portable Winch Co. is the world’s leading manufacturer of portable gas-powered (petrol-powered) winches.

Unlike other winches, ours are really compact and powerful. If you are working away from conventional power sources or if you need the convenience of having unlimited rope length, our winches will provide the power you need!

ADVANTAGES
- Portable
- Unlimited rope length
- Powerful
- Constant pulling power
- Continuous usage
- True power
- Lightweight
- Quick attach
- Easy to use
- Safe
- Reliable
- No worries about overheating
PCW5000
The perfect winch for foresters!

This winch is powered by Honda’s 4-stroke GXH-50cc engine. It weighs 16 kg and provides 1000 kg of pulling power single line. Foresters love it since it offers great power and two speed options, thanks to the interchangeable capstan drums. When you need all the power, use the standard 57 mm drum which pulls at 12 meters per minute. If more speed is required, the optional 85 mm drum will pull 700 kg at a speed of 18 meters per minute. The PCW5000 is best used with 12 mm rope and will provide years of intense service to its owner.

PCW3000
The ideal winch for hunters!

This model is powered by Honda’s all-position 4-stroke GX-35cc engine. The complete winch weighs 9.5 kg and provides 700 kg of pulling power single line. The reason why it is so popular with hunters is that it offers great performance with built-in transportability! It is complemented by a line of specific accessories that are geared for transport over long distances: on a lightweight pack frame, or strapped onto a vehicle and protected inside it custom high resistance plastic case. This innovative winch is unparalleled on the market and is perfect for hunters. Out-of-reach game no longer exists, thanks to this new technology.

1 EXTRA YEAR if you register your winch on our website!
PORTABLE WINCH CO. is constantly developing special accessories in order to make our winches as versatile as possible. We offer a full line of accessories so you can get the most out of your winch in any situation.

**ANCHORS**

No matter the anchor point, we have an anchor for it. Whether it’s a tree, a vehicle, a post or anything that is heavier than what you are pulling, you can choose the right anchor for the job.

**ROPE BAGS**

These bags are ideal to carry your ropes and small accessories around the worksite in any location and preventing tangling.

**TRANSPORT**

No matter where you need to bring your winch, it will be protected in one of our transport cases. You can even carry the PCW3000 on your back, thanks to the molded pack frame.

**DOUBLE BRAIDED POLYESTER ROPES**

For best performance, always use original Portable Winch Co. ropes with your winch. Featuring double braid construction for durability and low-stretch properties for safety.

**SKIDDING CONE**

The skidding cone will prevent logs from being stopped by roots, stumps or residual trees. It also protects your valuable trees along the skid path from being damaged.

**PULLEYS**

A pulley is often useful to change the line pull direction of a load, to get some lift on the rope or to double, triple or even quadruple the pulling power.

**ROPES**

**PULLING MACHINE**

You can also choose from these great accessories according to your application.

**OTHERS**

You can choose from these great accessories according to your application.
In order to work efficiently with your winch, you need the right accessories. Our different assortments are intended for specific applications; they propose the appropriate accessories to use to get the job done.

**FORESTRY ASSORTMENT**  
PCW5000-FK

For forestry work, this assortment will help you face the many situations you will encounter in the woods. You will be able to reduce the logs’ friction on the ground, redirect or double the line, therefore getting the maximum out of each pull.

**HUNTING ASSORTMENT**  
PCW3000-HK

As a hunter, you should definitely consider this assortment. It includes all accessories needed to transport and deploy the winch for effortless big game retrieval.

If you have special requirements, you can create your own assortment! Simply go to [www.portablewinch.com](http://www.portablewinch.com)
